The Gamma Zeta chapter at the University of Illinois has a long track record of graduating ATOs who go on to have very successful and prominent careers. At 43 years old, Cary D. McMillan, a graduate of the University of Illinois College of Commerce and Business Administration, continues this lineage. In November, McMillan took charge of Sara Lee Corporation's global branded apparel business, the leading business of its kind in the world.

In his new post as chief executive officer of Sara Lee's largest business segment with 2001 sales of \$7.8 billion, McMillan will direct the growth and development of intimate apparel, underwear, legware and activewear in North America, Europe and South America. Sara Lee's global branded apparel business includes recognizable brands like Hanes, Bali, Hanes Her Way, Wonderbra, Just My Size, Playtex and L'eggs.

McMillan also continues to serve Sara Lee as an executive vice president and chief financial and administrative officer, as well as the company's board of directors.

"Cary McMillan has had a tremendous impact on our initiative to reshape Sara Lee, and we are very pleased that we have the oppor-

tunity to focus his exceptional leadership skills on furthering the growth and development of our global branded apparel business," said Chairman, President and Chief Executive Officer Steve McMillan, who is not related to Cary.

McMillan began his career in 1980 as a staff accountant with Arthur Anderson. He worked at Arthur Anderson for nearly 12 years when he became a partner with the firm in 1992. In 1997, he took over the Chicago audit practice, and in 1998 McMillan was named managing partner of Anderson's Chicago office.

In addition to his responsibilities in his profession, McMillan is also currently the treasurer for the ATO Foundation Board of Governors, a member of the University of Illinois' Advisory Council, and a member of the AICPA and Illinois CPA Society.

He also serves on several not-for-profit organizations, including The Art Institute of Chicago, Chicago Symphony Orchestra, Window To The World Communications, Roosevelt University, Millennium Park, The Executives' Club of Chicago, and Chicago Council on Foreign Relations.

JERRY D. SEMLER, PURDUE '55

Indiana University and Purdue University may be rival schools in sports, but the schools have a unique partnership in Indianapolis.

At Indiana University – Purdue University at Indianapolis the schools share resources, and espouse the slogan, “Why not both.” However, when it comes to Purdue University alumnus Jerry Semler, a better phrase may be “Why not all.”

Semler, the CEO, President and Chairman of American United Life, is an avid supporter of higher education. He has been involved with Indiana University’s School of Medicine, Purdue University’s Krannert School of Management, Purdue University, and the Rose-Hulman Institute of Technology.

While serving on the IU School of Medicine’s Advisory Board, Semler helped raise nearly \$30 million for the school’s capital campaign from corporate donors. He also helped fund a chair at the Bowen Research Center which studies issues related to family medicine, and the AUL Professor of Business Administration at the IU School of Business.

In his profession, Semler leads the charge for AUL, a company with roots in Indianapolis, Indiana, dating back to 1877. With a long history as a company offering individual life insurance and annuities; group life and disability insurance, including credit products; retirement products

and services; and reinsurance products and services, Semler’s leadership has been recognized with numerous accolades and honors including the ATO Distinguished Alumnus Award.

However, Semler’s greatest accomplishments and achievements may be his charitable contributions in the community, with his alma mater, in higher education, and within ATO.

Semler is currently a member of the ATO Foundation Board of Governors, and his community involvement includes serving on the boards of directors for the United Way of Central Indiana, Indiana Sports Corporation, Indiana Convention and Visitors Association, Central Indiana Corporate Partnership, and the Indiana Repertory Theatre.

Semler also has been involved with the Eiteljorg Museum, the Indianapolis Museum of Art, and the Corporate Advisory Council.

In 2000, Semler received the “Circle of Life” Award by the Million Dollar Round Table Foundation for his contributions to the life insurance industry. The award honors individuals with a generous nature, charitable spirit, strong community involvement and industry leadership. Semler was also honored in 2001 by Junior Achievement of Central Indiana at their 13th annual Central Indiana Business Hall of Fame induction ceremony and dinner.

AARON E. BALDWIN LEADERSHIP EDUCATION AND CAREER DEVELOPMENT ENDOWMENT

The Alpha Tau Omega Foundation is pleased to announce the creation of the Aaron E. Baldwin Leadership Education and Career Development Endowment.

The Endowment will support the Executive Leadership Panels at the Fraternity's biennial National Congress, as well as, Leadership Panels on various college and university campuses. In addition, the Endowment will provide support for other career development programs, projects, scholarships or grants for the National Fraternity, individual Alpha Tau Omega chapters, and colleges or universities where ATO chapters exist.

In 1996, Aaron Baldwin was serving as the Duquesne University Chapter Advisor and Northeast Province Director. Baldwin established the Executive Panel Lecture Series locally on the campuses of Duquesne and Carnegie Mellon Universities, both in Pittsburgh, PA. Baldwin said, "The greatest gift that we, as ATO alumni, can give to our undergraduates is the opportunity to learn from our experiences. This Executive Panel Lecture Series allows them to learn from some ATOs' top leaders".

Later in 1998, the Lecture Series was incorporate into fraternity's biennial National Congress programming. Thus opening the Series up to over 500 undergraduates and alumni, from chapters on 140 Universities and Colleges campuses.

In March of 2001, Brother Baldwin gave a \$3,600 challenge to the ATO Foundation to stimulate the development of "a leadership education and career development endowment." Recently, contributions from several interested alumni, including Foundation Board of Governors

members Roy M. Huffington, SMU '35 and Charles E. Lanham, Indiana '51, Fraternity National Treasurer Neal S. Colligan, Lehigh '80, and others helped to reach the \$10,000 threshold for the establishment of a permanent endowment.

Past Executive Panel Lecture Series speakers have included:

Lewis E. Platt, Cornell—Former Chairman, CEO & President - Hewlett Packard

William B. Mitchell, Lamar—Former Vice Chairman - Texas Instruments

Charlie Paulk, Florida—Former CIO & Managing Partner - Anderson Consulting (now Accenture)

21ST CENTURY LEGACY FUND CAMPAIGN

December 31, 2001

Alpha Tau Omega needs a strong Foundation to maintain the "margin of excellence" for our undergraduates and chapters in the 21st Century.

For the Foundation to be strong and stable, we need an operating endowment to fund our annual operating expenses.

In August of 1998, the Foundation Board of Governors endorsed the building of a \$10 million operating endowment – 21st Century Legacy Fund.

When we achieve our Phase I goal — \$5 million in the operating endowment the Foundation will "free-up" \$325,000 for additional scholarships and educational programs – **ANNUALLY!**

The following alumni have made nearly \$4.2 million in commitments:
